Miles,

I got a response from Derrick Bawdon (Forest Fish Bio) and he says Meadow Creek is definitely not a priority watershed.

Hey Miles,

My understanding is that it isn't and that priority watersheds are focused on bull trout. I'm going to check with Derrick Bawdon though and see if he knows for sure.

Hey Chris,

In light of our vacancies in Hydro and Fish, I thought I would come to you with this – can you verify whether the Meadow Creek HUC12 is a “Priority Watershed”?

Thanks!
